Subject: Requested EPA annual program evaluations

Susan,

Per your request, I've attached the last four Region 6 annual reports that went final; the last being FY2008 dated 19 June 2009. Our intent is to include a review of the RRC reported values in Forms 7520s since FY 2008 in our FY15 evaluation before the end of this calendar year, as the FY2015 Forms 7520 are not due until the end of October. We'd initially planned our annual program review visit this month (September), but travel funding was not available. Per discussion with Phil Dellinger this morning, our annual review visit will be scheduled for this October/November; Phil indicated he would also be participating. I'll contact Dave soon to schedule that visit.

Let me know if you need anything else.
